

Pinellas County Sheriff's Office

"Leading The Way For A Safer Pinellas"

MEDIA FORENSIC SPECIALIST

JOB CODE: 30125	PAY GRADE: 17	PAY RANGE: \$51,636 - \$82,617
------------------------	----------------------	---------------------------------------

GENERAL DESCRIPTION

Under the general direction of a supervisor in the Technical Operations Unit, the member performs professional and technical work of considerable difficulty. The position collects, examines, preserves, processes and analyzes video, audio and digital multimedia evidence for investigative purposes. Provides assistance and support for electronic devices related to and deployed during investigations. Work is reviewed through observation and results obtained. **Requires availability to work irregular hours on occasion to meet operational needs. Subject to 24 hour call-out.**

A member in this job classification spends at least 65 percent of their time performing duties that involve the collection, examination, documentation, collection, preservation, preparation or analysis of human tissues or fluids or physical evidence having potential biological, chemical or radiological hazard or contamination, or uses chemicals, processes, or materials that may have carcinogenic or health-damaging properties in the analysis of such evidence in accordance with F.S. 121.0515.

SUPERVISES OTHERS: No

ESSENTIAL FUNCTIONS AND RESPONSIBILITIES

- Collects, preserves, analyzes, examines and processes video and audio digital multimedia evidence for use in criminal investigations as directed. This includes, but is not limited to physical digital/electronic devices collected from crime scenes by investigators both inside and outside the agency
- Responds to crime scenes, search warrants, and other potentially hazardous service locations to collect and preserve digital multimedia evidence from Closed Circuit Television/Digital Video Recorder (CCTV/DVR) physical devices, hard drive systems, and other media recording systems or devices as directed
- Disassembles, reassembles, examines, and processes digital video and digital audio recording systems and physical devices collected from crime scenes and search warrants in order to recover, collect, and preserve video, audio, and digital multimedia evidence that may be previously deleted, password protected, or otherwise inaccessible
- Develops, processes, and originates video, audio, and motion graphic demonstrative visual aids and exhibits incorporating digital multimedia evidence for investigative use and trial presentation

Pinellas County Sheriff's Office
