

Pinellas County Sheriff's Office

"Leading The Way For A Safer Pinellas"

ENTERPRISE ARCHITECT

JOB CODE: 20057	PAY GRADE: 25	PAY RANGE: \$64,800 - \$103,680
------------------------	----------------------	--

GENERAL DESCRIPTION

Under the direction of the Director of Information Technology, this position guides technology strategy in order to best achieve the strategic goals and objectives of the Pinellas County Sheriff's Office (PCSO). The incumbent is responsible for shaping, transforming, and assuring that people, processes, and technology design standards align and enable the PCSO to reach a future state quickly. The incumbent participates heavily in strategic planning and technology analysis, focuses on reducing complexity and removing technology impediments, while also leading research & development efforts to assure compatibility and future-proofing of technology investments. This is a highly responsible, advanced professional and technical position working in an enterprise-wide capacity. The incumbent will possess extensive technical breadth and a clear understanding of the purpose of strategic business objectives and ensure responsiveness to business partners and customers. This position will be accountable for keeping technology current and vibrant in assigned areas and will identify and make recommendations for balancing operational stability with the need for cost effective innovation. Work is reviewed through observation and results obtained. **Requires scheduled on-call availability.**

SUPERVISES OTHERS: No
